

**BOROUGH OF CLAYTON
WORK SESSION MEETING
JULY 9, 2020 – 6:30 PM
MINUTES**

Aberdeen HOA had requested use of the Borough's Irrigation System. The Borough will need to work up an agreement for them to take ownership of the system. Joe added that they will need to mow the grass also. The Borough cuts it once a month now. The maintenance and electric to run system will need to be addressed as well.

Street Opening Permits – Utilities opening the streets never put it back in place. Fees are below what they should be. Need to revamp the Ordinance.
