Reconstruction of North Green Street – CDBG Grant – Phase 2
S&A Proposal No. 2020-14A*

Dear Mr. Hunt:

Sickels & Associates, Inc. would like to thank you for the opportunity to offer this proposal for engineering and construction management services in connection with the above referenced project.

It is our understanding that the Borough wishes to amend our original proposal to include observation of the roadway milling, grading and road resurfacing work on North Green St. after the completion of the water main installation and handicap ramp replacement.

The work will extend from E. Academy Street to E. Clayton Avenue. We understand the milling, grading and resurfacing work will be funded through a CDBG grant and the Borough has hired South State, through a County Shared Services contract, to complete the paving work.

Our original scope of work include inspection of the handicap ramp construction, verification of wage rates for the milling and resurfacing contractors and the close out documents for the CDBG Program. The new scope of work will include observation of the roadway milling, grading of the existing subgrade materials and placement/compaction of 2" hot mixed asphalt surface course.

We have prepared the following proposal for the various engineering and inspection services that we anticipate will be required on the above referenced project. Said services are based upon Sickels & Associates, Inc.'s understanding of the project as described above.

For ease of review, the proposal is organized in the following manner; Description of Services, Consulting Fee and Terms and Conditions.

For the purpose of defining the extent of services which may be required for completion of the engineering and construction management, this proposal assumes that all necessary construction will be performed by the Clayton Public Works Department or through the County Public Works Department Co-op program. As such, contract documents and technical

specifications required for public bidding purposes are not included within this scope of approval. It is our understanding no construction plans will be proposed for this project.

Our proposal does not include performing test pits to verify locations of utilities and services, nor does it include a soil investigation program to identify subsurface soil conditions and groundwater levels. Sickels & Associates, Inc. will provide a proposal if such services are deemed necessary.

DESCRIPTION OF SERVICES:

Based on the above project description, our scope of services will include the following activities:

PHASE I **CONSTRUCTION MANAGEMENT**

The project will involve inspecting the Borough's sidewalk and pavement improvements for the areas constructed.

- 1.1 Our staff will meet with the Public Works Dept. staff to review the site conditions. Our staff will observe the milling, grading and resurfacing process to verify the sub base conditions, grading for runoff purposes, thickness of asphalt and installation /compaction of the hot mixed asphalt. Any discrepancies will be reviewed with the Borough and contractor's staff so they can be addressed. Follow up inspections will be scheduled accordingly.
- 1.2 Our office will also complete the necessary paper work to supplement the Phase 1 documentation and reports with the County to document the construction work.
- 1.3 We anticipate South State to complete the milling, grading and resurfacing work in three (3) days.

SUPPLEMENTAL SERVICES

We believe our proposal as presented is comprehensive to satisfy the requirements of the project. However, if deemed necessary by the client, we will offer an addendum to perform any additional services and submit a proposal for your consideration.

CONSULTING FEE FOR SERVICES RENDERED

Based on the understanding of the project and description of service, our total consulting fee to complete the various activities described herein is estimated at **\$2,200.00** plus the cost of reimbursable expenses which will be invoiced separately.

The above fee is our estimate of the normal services necessary to complete the project based upon the scope of work. However, should the need arise for additional work by virtue of major revisions or redesign as required by the reviewing agencies, or should additional services beyond those outlined in the Description of Services be required, then said work will be considered as extra and invoiced as Additional Services at the hourly rates per our Annual Fee Schedule per a proposal provided to the Borough for approval.

Sickels & Associates is prepared to commence work immediately upon receipt of authorization. This proposal assumes that authorization to proceed will be issued within sixty (60) days from the date of this proposal. The terms and conditions of this proposal shall remain in effect for sixty (60) days.

Our Terms and Conditions and Annual Fee Schedule have been previously approved and are on file with the clerk's office. If you concur with our Description of Services and Consulting Fee, please execute one copy as our formal authorization to proceed and return same to our office.

We would like to thank you for the opportunity to offer the services of our firm and we look forward to working with you. Should you have any questions or require further information, please contact us at (856) 848-6800.

Very truly yours,
