

RESOLUTION: 75-21

**RESOLUTION AUTHORIZING AGREEMENT FOR CERTAIN
PROFESSIONAL SERVICES ADOPTED BY THE BOROUGH OF
CLAYTON**

WHEREAS, there exists a need for specialized services on behalf of the Borough of Clayton; and

WHEREAS, funds are or will be available for this purpose; and

WHEREAS, the Local Public Contracts Law, N.J.S.A. 40A:11-1 requires that notice with respect to contracts for Professional Services awarded without competitive bids must be publicly advertised.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the Borough of Clayton, County of Gloucester, and State of New Jersey as follows:

1. That Environmental Resolutions, Inc., of Mount Laurel, New Jersey is hereby hired to provide the remediation of lead contaminated soil associated with the site known as Former Wayne's Auto for a total amount not to exceed \$3,000.00.
2. The term of this contract shall be from March 25, 2021 to March 24, 2022.
3. Donna Nestore, CFO, for the Borough of Clayton certifies that \$3,000.00 is available through the Ordinance 11-09.
4. The Contract is awarded without competitive bidding as a "Professional Service" in accordance with the Local Public Contracts Law, N.J.S.A. 40A:11-11-5(1)(a), and the Fair and Open Process because it is for services performed by persons authorized by law to practice a recognized profession.
5. A copy of this resolution as well as the Contract shall be placed on file with the Clerk of the Borough of Clayton.
6. A notice in accordance with the Local Public Contracts Law of New Jersey shall be published in The Sentinel or South Jersey Times.
7. The Mayor and Clerk of the Borough of Clayton are hereby authorized to execute a Contract outlining the above on behalf of the Borough of Clayton.

ADOPTED at a meeting of the Mayor and Council of the Borough of

Clayton, County of Gloucester, and State of New Jersey on March 25, 2021.

BOROUGH OF CLAYTON

THOMAS BIANCO, Mayor

Borough of Clayton
125 Delsea Drive
Clayton, New Jersey 08312
Attn: Ms. Susan Miller, Borough Administrator

RE: *Professional Services Proposal - 2021
For Site known as SRP PI# 000323, Former Wayne's Auto
741 North Delsea Drive, Clayton, New Jersey*

Dear Ms. Miller:

Environmental Resolutions Inc. (ERI) is pleased to provide the Borough of Clayton with this scope of services proposal for the remediation of lead contaminated soil at the above referenced site. Per our discussion of March 19, 2021, the Borough of Clayton Public Works Department, under ERI's direction, will excavate the top two (2) feet of lead contaminated soil, and stage it onsite for transportation and disposal by an approved transporter, to an approved facility. ERI will conduct the following scope of services.

1. Request For Proposal from Qualified Contractors for Transportation and Disposal of Historically Applied Pesticide Contaminated Soil With and Without Backfilling with Certified Cleanfill

ERI will prepare specifications for the transportation and disposal of Historically Applied Pesticide contaminated soil. ERI will solicit quotations from at least three (3) qualified contractors to transport Historically Applied Pesticide contaminated soil to an approved facility. Items to be included will be line item cost for disposal analysis by an approved facility, to be reviewed and approved by ERI prior to transportation and disposal; transportation and disposal of an estimated 120 tons of Historically Applied Pesticide contaminated soil and backfill with certified cleanfill. ERI will also prepare the Request For Proposal to include a separate line item for disposal only, without certified cleanfill.

Also included shall be a review of the quotations submitted and the recommendation of contract award to the lowest qualified bidder. No site walk will be conducted. ERI assumes the Borough will be a repository for questions from bidders, which will be provided to ERI to provide responses.

Estimated Fee Not To Exceed \$500.00

Note: Contractor will be retained directly by the Borough.

2. Excavation oversight and sampling

ERI will have one (1) field technician onsite to oversee the excavation and of the lead impacted soil by the Borough of Clayton Public Works Department. Soil samples will be collected around the perimeter and base of the excavation and will be submitted to a New Jersey certified laboratory for Historically Applied Pesticides. All soil samples will be submitted for standard (2 week) turnaround. ERI assumes the Borough of Clayton Public Works Department will place plastic sheeting at the base of the excavation after completion. When certified backfill is brought in by the contractor, ERI assumes the Borough of Clayton Public Works will backfill the area with clean fill. ERI assumes excavation/sampling activities will be conducted in one (1) business day.

Estimated Fee Not To Exceed \$ 2,500.00

Total Estimated Fees for this Scope of Work

\$3,000.00

No other activities will be included in this proposal. All terms and conditions of ERI's contractual agreement with the Borough of Clayton are in effect. All fees will be based on the current rate schedule agreed to with the Borough of Clayton. Should you have any questions, please feel free to contact us.

Sincerely,
Environmental Resolutions, Inc.
